Nature of Religion and Belief

Identify shared characteristics of religions. They explain how within each religious tradition these characteristics might be connected to each other. They recognise that each religion/worldview is made up of several groups of people and can compare some of the different beliefs and practices

Expressing Beliefs

To know how people often express their feelings and beliefs through art, music, poetry, story, drama and physical movement and that these have been important in most religions and culture.

A Good Life

To know how certain people who are regarded as role models put their teachings and values into practice. They compare some of the different opinions held by people from different religious and non-religious groups about what is right and wrong, and about what is desirable in life.

A Personal Journey

To know how some people have amazing, puzzling or mysterious experiences that make them ask big questions about life and, in some cases, have made them change their lives or given them new insights to share with others.

Influence & Authority

To give examples to show how communities are influenced by their traditional religions/worldviews. They understand that different religions/worldviews, in different combinations, are influential in different countries.

The Big Picture

To know how people from different religions/worldviews express what they understand about the world through stories.
